# FORM FOLLOWS FUNCTION

Our new three component  
comfort handles

**NEW**

**KNIPEXTEND** .....

The new KNIPEX comfort handles

# Evolution of ergonomics

Starting this year, KNIPEX is switching from pliers with multi-component handles to the new comfort handles. This is where good things get better: A third component optimises the haptic properties and handling of our tools.\*

● Grey: soft component with special surface structure for more grip and control

● Blue: soft component for a secure and comfortable grip

● Red: high strength for maximum durability

— Inscription area for customisation is well protected against abrasion

✕ Two KNIPEXtend interfaces for extensions

**KNIPEX**TEND

\* For technical production reasons, KNIPEX is gradually switching to the comfort handles. Only the electrically insulated tools will initially remain with the proven and VDE-tested two-component handles.

# KNIPEXTEND

## A safe connection

TetheredTool Clip: for use with the KNIPEX Tethered Tools system

KNIPEX TetheredTool Clip

Compliant with ANSI/ISEA 121-2018

ANSI = American National Standards Institute

ISEA = International Safety Equipment Association

## Your tool, your colour

Tag your tools with the KNIPEX ColorCode Clip

KNIPEX ColorCode Clips  
in 10 different colours

## Your clip, your pliers, your idea!

For 3D printer fans:  
Use our data\* from [www.knipex.com](http://www.knipex.com)  
to realise your own clip ideas!

# Noticeably easier cutting of multi-conductor cables.

The new StepCut® XL: cuts cables and working hours

Further information on  
the KNIPEX StepCut® XL

Art no. 95 1X 225

# KNIPEX StepCut® XL

Noticeably easier cutting of multi-conductor cables

- ▶ High-leverage joint, long handles and optimised cutting edges: noticeably easier cutting than with compact cable shears
  - ▶ Large cutting capacity: cuts solid copper or aluminium cables up to 35 mm<sup>2</sup>, stranded cables up to 70 mm<sup>2</sup> and fine stranded cables up to 120 mm<sup>2</sup>
  - ▶ Dual cutting areas: Stepped cutting edge holds small and larger cables close to the joint during the cut; the front cutting edge cuts very large cables step by step
- > Easy one- or two-handed operation with minimum handle opening for large cable diameters
- > Adjustable, high-leverage bolted joint provides precise and smooth cutting
- > Slim head for easier accessibility
- > Slim head for easier accessibility
- > Pinch guard prevents operators' fingers being pinched
- > Not suitable for steel-reinforced cables, e.g. ACSR
- > Cutting edges additionally laser-hardened, cutting edge hardness approx. 56 HRC

95 11 225

95 12 225

95 18 225

Slim head for better accessibility

Front cutting edge for cutting large cables step by step with ergonomic handle width

Stepped cutting edges prevent cables from slipping out

Screwed joint: smooth-running, precise, adjustable

Pinch guard prevents operators' fingers being pinched

Handle shape allows gripping close to the joint and with one hand

Details on the smaller KNIPEX StepCut® cable shears (160 mm)

Article No.	EAN	↔ mm	Pliers	Handles	Cutting capacities		Δ g

# Less effort. More efficiency.

Work smarter, get the job done faster:  
the new ratchet stripping knife from KNIPEX

Further information  
on the stripping knife

Art no. 16 50 145 SB

## Stripping knife

### With guide shoe and ratchet function

- ▶ Ratchet function: easy cutting even for a variety of cable sheaths
  - ▶ Versatile blade with three cutting areas for round and lengthwise cuts
  - ▶ Guide shoe protects the conductor insulation under the cable sheath
- > Cuts very hard or tough plastic sheaths up to 7 mm wall thickness  
> Sickle-shaped, replaceable hook blade can be folded for safe transport  
> Blade with four positions: folded, straight, angled and ratcheting  
> Three-stage blade lock for safe handling and transport  
> Ergonomically designed, comfortable handle  
> Integrated tether attachment point for use with KNIPEX Tethered Tool System

With three cutting areas, guide shoe and ratchet function: ideal for for tough cable sheaths

For pushing or pulling: two blade segments for lengthwise cutting

Third blade segment for round cutting

Ratchet function enables stripping with more comfort and less effort

# Small, but mighty.

The new TubiX<sup>®</sup> S: maximum results in minimal spaces

Further information on the  
KNIPEX TubiX<sup>®</sup> product family

# KNIPEX TubiX® S – Pipe Cutter

Our smallest TubiX®: pipe cutter for all installation work in the tightest of spaces

- ▶ Optimised for pipe cutting in the tightest spaces
- ▶ QuickLock one-hand locking mechanism: independent holding and clamping on the pipe
- ▶ Fits in your pocket and cuts stainless steel

- > Cuts pipes with  $\varnothing$  3–30 mm (1/8 – 1 1/8") with wall thicknesses up to 2 mm
- > Very small cutting circle: minimum space required for cutting
- > Pipe diameter can be preset with the scale and clipped on to the pipe by spring-loaded cutting wheel
- > Quick and precise positioning of the spring-loaded cutting wheel
- > Cutting wheel and guide rollers with high-quality needle bearings
- > Optimised turning knob with textured thumb recess provides 20% higher torque and prevents slipping, even in wet conditions
- > Easy to change cutting wheel, with spare wheel in the turning knob
- > Cutting wheel made of high-quality ball bearing steel

Minimised cutting circle for cutting pipes in confined spaces

Five needle bearings for particularly easy, low-fatigue cutting

## QuickLock: one-handed, quick and precise fixing to pipes

Push to the right size on the tube – or...

... preset with the scale and click onto the tube with the spring-loaded cutting wheel

Spare cutting wheel in the turning knob

QuickLock

Pipe diameter can be preset with the scale for easy clipping of the TubiX® S to avoid dropping within enclosed spaces

The cutting wheel is easy to change without additional tools

# We Are Family.

These new and improved versions complete our family of electronics pliers: precise gripping and cutting in all areas of electronics and fine mechanics.

Art no. 35 X2 145 (ESD) and Art no. 77 X2 130 (ESD)

## Electronics diagonal cutters and electronics gripping pliers

KNIPEX presents the new and improved electronics pliers

- ▶ Durable, load-optimized design with backlash-free box joint
- ▶ High, slim sleeves for fine and comfortable gripping between thumb and index finger
- ▶ Low-friction double spring for smooth and even opening
- ▶ Mirror-polishing instead of chrome-plating to avoid interference in the circuit with flaking chrome parts
- ▶ For fine cutting and assembly work, e.g. in electronics and fine mechanics

Carefully rounded:  
no sharp edges that could  
damage the workpiece

Optimized design to  
reduce stress load on  
the pliers tips

Can be held like tweezers:  
precise and comfortable gripping

Mirror polish in combination  
with a fine oil film provides  
rust protection

You can find our range of electronics pliers at:  
<https://www.knipex.com/products/electronics-pliers>

Art no. 77 X2 130

# Crimp System Pliers for MC4 EVO 2 solar connectors

For interchangeable crimping dies, fully assembled for MC4 EVO 2 solar connectors (up to 10 mm<sup>2</sup>)

- ▶ Just one tool for almost 1000 crimping applications: can also be used with all crimping dies and locators 97 49 XX
- ▶ Specially modified system pliers: optimised for MC4 EVO 2 connectors up to 10 mm<sup>2</sup>
- ▶ Professional standard for large photovoltaic installations

- > Almost parallel crimping motion
- > Consistently high crimping quality due to precision dies and ratchet mechanism (unlockable)
- > Crimping pressure has been set precisely (calibrated) in the factory and can be adjusted
- > Optimum transmission of force due to lever action for fatigue-reduced operation
- > For one- and two-handed operation
- > The 97 43 66 EVO includes a locator for precise positioning of MC4 EVO 2. An additional locator is available for all MC4 series solar connectors (97 49 71 1)
- > Crimping dies for applications that go beyond the range offered are available on request
- > Special quality chrome vanadium electric steel, oil-hardened

MC4 EVO 2 connectors: durable for larger solar installations

The included locator ensures exact positioning of the connectors during crimping

## Tool sets for Photovoltaics MC4

### Equipped for cabling solar system

- > Crimp System Pliers 97 43 200 A for interchangeable crimping dies, crimping pressure is precisely set at the factory (calibrated)
- > Cable shears 95 16 165 for copper cables up to Ø 15 mm
- > Assembly tool (Allen key) for changing the crimping dies
- > Impact-resistant plastic case: external dimensions: 345 x 80 x 280 mm (W x H x D)

#### 97 91 04 V01

- > Crimping die 97 49 66 (2.5 / 4.0 / 6.0 mm<sup>2</sup>) for solar connector MC4 (Multi-Contact), locator 97 49 66 1 and assembly tool set 97 49 66 2

# Tool backpack Modular X18

Carry up to 15 kg of tools comfortably on your back

Further information on  
the KNIPEX Modular X18

Art no. 00 21 50 LE

## KNIPEX Modular X18

**Light, flexible and unique: The modular tool backpack for all those who make no compromises in their work**

- ▶ Fits you and your tools: practical and comfortable due to fully hinged front and back, removable tool board and padding for your back
- ▶ As individual as you are: optimal flexibility due to innovative FIDLOCK® connectors and MOLLE webbing
- ▶ Fit for any challenge: with two separate inner compartments for tools, measuring instruments, notebook or tablet

- > Durable fabric made of sustainable recycled synthetic fibers, splash-proof and easy to clean
- > Waterproof molded bottom made of impact-resistant plastic for a secure upright position when opened and closed, 6 cm high
- > One MOLLE strap on the inside and four MOLLE straps on the outside for attaching any adapters, carabiners and accessories
- > FIDLOCK® connections are fastened or unfastened in no time at all
- > A total of 21 retaining loops and 37 pockets, some with zips
- > Luggage strap for fixing to telescopic handles of tool cases
- > 53 x 34 x 21 cm (H x W x D), empty weight 2.9 kg, tested load capacity up to 15 kg

00 21 50 LE

**Now even more flexible: more power for you and your backpack!**
